

Pottery can be referred to as the meeting of mud and fire.

In this photo, Richard Roth of Grand Prairie Designs is in the process of firing his large gas fired kiln. The holes in the brick allow the proper combination of air circulation and heat to create his beautiful glazes and durable ceramics. Visit Richard and other ceramic artists at the Grand Prairie Design Studio at Stop #23.

Other Ceramic Artists on the Tour are at Stop #3, Stop #4, Stop #16 and Stop #20

Look throughout the brochure for stops on the maps sections spread among the participating artists and their artwork. Several stops have a group of artists showing their work together.

Please patronize our Gala supporters

Several restaurants in the Centralia and Chehalis area have helped us create an exciting atmosphere for our Gala Reception. Please help us show our appreciation by visiting these local eateries. A symbol with 2 letters, (**BO** for Boccata for example) will help us show you these unique establishments on the various maps throughout the pages. Their listings with contact information are on the center map located on pages 12-13.

Artwork will be available for sale at individual stops and at the Exhibition Gallery.

Lessons and Demos

Various artists provide classes or offer demonstrations to the public outside of the Tour timeframe. The words "Lessons" or "Demos" are listed with the contact information for these artists.

Tour us online

For specific directions to artists' studios, the latest information on the tour and exhibit, as well as applications and dates for 2009, visit www.ARTrailsofsw.org

Participating 2008 Artists
